## GREAT CROWD SEES BLUE BLOODS PUT THRU PACES

Annual Horse Show Day Brings Many People to Town—List of Fine Horses Shown.

The number of horses at the annual horse show yesterday was not up to the average, but the quality made up for the deficiency in quantity. The animals were exhibited on Main street between Somerset street and the college and a great crowd was present to witness and applaud the handsome equines as they were brought out on parade. Considerable interest was manifested by breeders, which means that the season will be a good one. Following is a list of the horses shown:

Hamilton Chief 5801, the government stallion, which came in the hands of Felix White. He is a handsome chestnut sorrel and a royally bred fellow.

J. Nevin Carter had two horses that attracted a great deal of attention. They were a pair of stallions, 5167 and Voltaire 55140. The former is an ideal gentleman's stallion and the latter is a huge Percheron. They are a grand pair.

B. W. Leigh, of Hustonville, showed his Glenbrook and made many friends for that horse. He is a handsome sorrel and has fine style and action.

B. W. Gaines had on exhibition the big Percheron stallion, Sir Ray, a well built fellow and a proven breeder.

Morgan Baughman showed his beautiful Shetland pony, Enrique, a Blue Grass fair champion and a model pony. With him were two of his get, which are to prove that he is a breeder of both style and action.

R. S. (Dick) Scudder, who always has good ones, brought with him All Peavine, his champion saddle stallion, and one of the best in the country, and his pretty speed and action. Each attracted much attention. They were in the pink of condition and were popular with the horsemen in attendance.

Carroll Dudderar drove his Rowland Peavine, a magnificent young chestnut of both style and action. He was the subject of much favorable comment and as usual Mr. Dudderar got his share of the applause. Rowland Peavine is a son of Rex Peavine and resembles his great sire.

Peyton Parrish rode his good brown stallion, Rex Moki, and made a good show with him. He is a handsome fellow and goes like a top. His pedigree will appear in these columns in a few days.

S. H. Baughman had on exhibition a black Percheron stallion, four years old and as big as all out doors. It is a well built fellow and sire just such mares as are needed for farm use.

J. O. Baugh showed a pretty pony he calls Doc, which attracted its share of attention. He is young in service but promises to be a good sire.

Harrison Graham's boy drove a sorrel stallion known as John D. Rockefeller. The animal was in good condition or he would have made a better advertisement for himself and owner.

Bleacher 46158, owned by W. B. Burton, of Lancaster, was shown to a bike and the rest of the show step some. A magnificent dark brown stallion with lots of style and a trial in 2:14 3/4, it is no wonder that his owner booked a number of mares to him. His breeding is all that one could ask and in an individual he has few equals in this section.

J. W. Brown, of Preachersville, rode the dark bay stallion, Orion, by King Dare, he by Chester Dare. Orion is a good individual and a splendid rider. He is a proven breeder and a good looker.

## Horse Show at Hustonville Saturday.

The annual horse show will be held at Hustonville next Saturday afternoon beginning at 3:00 o'clock. B. W. Leigh tells us that he is a proven breeder and he will let those owning stallions or jacks use his stable free of charge for the occasion.

## McChesney Fires Opening Gun.

The following dispatch is sent from Louisiana, where Mr. McChesney, opened his campaign Monday: "Harry D. McChesney, candidate for the Democratic nomination for Governor, spoke here Monday afternoon. He also paid much attention to the tax question."

## Mrs. Jennie Adams Dead.

Mrs. Jennie Adams, widow of Geo. Adams, died at her home at Greenville, Texas, last Tuesday and was laid to rest by the side of her husband there. She was a sister of Mrs. A. M. Frye, of Hustonville, and was a most excellent mother. Her younger days were spent at Hustonville, where as Miss Jennie Page she was a most popular lady. The many friends and relatives in the county learned of her taking away with sincere regret.

## Pie Supper at Moore's Schoolhouse.

A delightful and successful pie supper was held at Moore's schoolhouse Saturday evening, which was well attended. One cake brought \$9.75, being knocked down to Mrs. W. T. McGirr. The supper was conducted in fine style by Baxter Covert, of Shelby City and Kinder Fox, of Bowen. Mr. Covert made a nice talk on education and all present had a most enjoyable evening.

## Nothing Doing at the Court-House.

Yesterday was a barren one as far as business at the court-house is concerned. No wills were probated, a few orders, and those of very little importance were entered, and what settlements were to have been made were continued. It was easy sailing for Judge Bailey and County Clerk Cooper.

A prudent mother is always on the watch for symptoms of worms in her children. Paleless, lack of interest in play, and peevishness is the signal for worms. I have been subject to attacks of worms for years. Chamberlain's Liniment always relieves me immediately, and I take pleasure in recommending it to others." 25c and 50c bottles. ## LEARNED TO READ FROM I. J. Russell, Hustling School Trustee.

So Woman Near Bowen Tells J. F. Russell, Hustling School Trustee.

J. F. Russell, the energetic and popular school trustee in sub-district 9, division 4, has recently completed taking the school census of that district, in which he found 82 children of school age and 22 over school age. During his investigations, Mr. Russell discovered one woman who had learned to read from the Interior Journal. She told him, he says, that she wanted to know what the news was in her home paper, so became determined to learn to read, and with a little help, picked the letters out of the paper, and soon mastered the alphabet and learned to read. She now gets great enjoyment out of the paper and says that she would not be without it for anything. Mr. Russell, who is one of the most competent trustees in the county is preparing to go to Louisville to attend the Kentucky Educational Association. He will leave on the 21st and is urging all of the teachers and trustees in his section to be sure to attend. ## Met Death in Peculiar Way.

George Hughes, aged 65 years, a well known lumber man of McKinney, came to his death in a very peculiar and unfortunate way there last week. While loading lumber in a car on the Cincinnati Southern railroad Thursday, he pushed against the end of a large plank with his stomach, in order to get it into the proper position. He exerted unusual pressure and felt ill effects afterward. He became ill and had a physician who, after an examination, expressed the belief that Mr. Hughes had torn his bowels loose. Everything possible was done to relieve his trouble, but he died Sunday afternoon at four o'clock. He is survived by his wife and several children, most of whom are grown. Mr. Hughes was employed by the spoke company, and a fine man in every way, standing high in the community and well esteemed by all who knew him.

## LONDON BANKERS INDICTED

Federal Grand Jury Takes Action After Failure of Bank in London

The Federal grand jury at Covington returned a number of indictments against McCalla Fitzgerald, cashier of the First National Bank of London, and William B. Catchings, president of the same institution, charging them with making false entries in the condition of the bank in their report to the Controller of the Currency at Washington. According to Receiver Weitzel, who has had charge of the bank at London for the past several months, the money involved will amount to \$50,000. The indictments against the two banks officials charge that false entries were made in their reports to the Controller of Currency at Washington on January 23, 1914, and on September 12, 1912. It is alleged in the indictment that Fitzgerald, the cashier, made false reports, "aided and abetted by Catchings, the president." In twenty-four counts, Fitzgerald is charged with the misapplication of the funds of the bank to amounts to his own use of funds belonging to the First National Bank of London. These amounts range from \$1,000 to lesser sums. It is alleged that the money was applied to the purchase of a company in which Fitzgerald and Catchings were interested.

## LATEST WAR NEWS

They are in possession of the whole principal chain of the Carpathians and at some points are descending the southern slopes and are approaching, if they are not already in the Uzok Valley, south of the pass of that name.

Hamadan, an important trading center in Persia, has been captured by Turkish forces. The allied fleet, according to unofficial reports, has been bombarding the Dardanelles forts from the Gulf of Saros. This doubtless is being done to prevent the Turks from repairing the forts, for it is believed here that the big attacks will be resumed until the land forces arrive.

The North German Lloyd liner Kronprinz Wilhelm, outfitted as a German auxiliary cruiser, arrived at Newport News on Saturday. The ship was the crew of the last two British steamers sunk by her. The Kronprinz slipped out of New York August 3 last, and since that time has sunk nine British, four French and one Norwegian vessel in her commerce raiding career. The allied fleet, according to unofficial reports, has been bombarding the Dardanelles forts from the Gulf of Saros. Johnson asks the intervention of the courts to have him reinstated as a member of Bluegrass Lodge No. 11, Knights of Pythias, and asks that he also receive \$1,000 as damages on account of the humiliation which a suspension by the lodge is alleged to have caused him. It is alleged in the petition that Johnson was suspended for a period of one year following a trial for murder in Fayette county some time ago, and that since that time the plaintiff has complied with all the rules of the lodge in such matters, but that he is refused a restoration of his rights and standing. He says he seeks the civil courts as a last resort, having been refused against by the supreme officers of the lodge.

## MAY NOT APPEAL THE CASE

Henry Hudson Given Two To Five Years for Killing Y. W. Burton

As told in the last edition of the I. J. Friday—copies of which did not go out to all of its subscribers, however—Henry Hudson was convicted of manslaughter by the jury which tried him in circuit court here last week on charge of murdering his father-in-law, Y. W. Burton, at their farm near Hustonville a few months ago. The jury did not return a verdict into court until 4:45 o'clock, deliberating to that hour from 2:40 when the case was given to the jury by the court, at the conclusion of the arguments.

The jury gave Hudson a sentence of from two to five years in the state penitentiary. This sentence, under the indeterminate sentence law, will make him eligible to parole and release from prison after he has served two years, if his conduct is good. It is reported that he will accept the judgment of the jury and not appeal the case, though this is only rumor.

It is understood that on the first ballot which was taken by the jury upon the question of conviction or acquittal of the accused, three members of the jury voted for acquittal. The case was then taken up by the jury and the three members who voted for acquittal were A. C. Sine and Spears Fisher, of Stanford, and J. H. Wheeler, of Waynesburg. Some of the jury are said to have stood out for a while for a 21 year sentence, the maximum under the law. The verdict was reached, therefore, is regarded as a compromise.

Immediately upon the rendering of the verdict, Hudson was taken to jail where he is now incarcerated and will remain until he is taken to Frankfort. His wife, a daughter of the dead man who stuck to him loyally throughout all of the trouble, remained in town and visited him in the jail Saturday.

## LINCOLN GETS \$9,075

State Road Fund Apportioned Out Among the Counties

Lincoln county gets the sum of \$9,075 from the State Road fund to supplement what the county will appropriate this year for reconstruction work on the roads. A dispatch from Frankfort Sunday said of the matter. Thirteen counties will draw the full amount allowed by law out of the State road fund this year \$13,164, according to estimate just made by Commissioner of Roads R. C. Terry. It is based upon the 1914 assessments and levy, excepting in a few instances where failure of the counties to report made it necessary to use the 1912 returns.

The counties which will draw the full 2 per cent are: Bourbon, Campbell, Christian, Clark, Davies, Fayette, Graves, Jefferson, Kenton, Mason, McCracken, Nelson and Shelby.

The amount it is estimated each county will receive from the State road fund is based on the ratio the road levy of that particular county bears to the total levy for road purposes of all the counties, \$2,071,571. The estimated road fund is \$658,220.

After apportioning the money on this basis, a balance of over \$100,000 was redistributed within the limits of the 2 per cent, which is the maximum any county is allowed to draw, and also not exceeding the total amount appropriated for State aid work, including private subscriptions. In no case was a county allotted more than it asked for State aid, as some portions of the county levies naturally will be used for other work than that undertaken according to the law governing State aid projects.

The amounts it is estimated each county in this part of the state will draw from the State road fund follows:

Adair, \$3,249; Anderson, \$7,885; Bell, \$8,671; Bourbon, \$13,164; Boyle, \$10,265; Casey, \$4,330; Clark, \$13,164; Clinton, \$2,656; Garrard, \$8,346; Jessamine, \$9,378; Knox, \$4,078; Knott, \$1,000; Laurel, \$3,740; Lawrence, \$4,434; Lincoln, \$9,075; Madison, \$12,461; Magoffin, \$2,000; Marion, \$6,616; McCreary, \$2,727; Mercer, \$9,189; Monroe, \$4,176; Montgomery, \$6,000; Powell, \$2,333; Pulaski, \$8,044; Rockcastle, \$5,533; Shelby, \$13,164; Spencer, \$2,907; Taylor, \$2,000; Washington, \$2,491; Wayne, \$5,570; Whitley, \$7,141.

WALTON & SAUFLEY  
Editors and Managers.

SI A YEAR STRICTLY IN ADVANCE  
Entered at the postoffice at Stanford as second class mail matter.

### POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary, August 7th, 1915.

**For Circuit Judge**  
C. A. HARDIN, of Mercer county.  
CHAS. C. FOX, of Boyle county.  
**For Commonwealth's Attorney**  
E. V. PURYEAR, of Boyle county.  
R. W. KEENON, of Mercer county.  
J. S. OWSLEY, Jr., of Lincoln county.  
**For Railroad Commissioner**  
WM. F. KLAIR, of Fayette county.  
J. E. NEWMAN, of Nelson county.  
**For Circuit Clerk**  
JESSE D. WEAREN.  
MARSHALL C. NEWLAND  
**For Representative in Legislature**  
W. G. GOOCH.

The following political "dope" is taken from the Geiger, Ala. Times, whose editor is an old friend of the senior editor of the Interior Journal. The editor, Dr. John W. Stagg, has the distinction of living in one State and conducting a paper in another. He is pastor of the Presbyterian church at Orlando, Fla., is an able divine, an expert golf player, a polished gentleman and the best story teller in the State of Florida. Some splendid thoughts are advanced in the article and strikes us his diagnosis of the political situation concerning Wilson's successor is just about right:

"One newspaper has made the observation that there are only three possible candidates in the country so far as the Democrats and Republicans are concerned. These are President Wilson, Elihu Root and ex-president Taft.

"Mr. Root will be past seventy-four by the time the next president is inaugurated. This in itself practically eliminates him. Though one of the brainiest men in America it cannot be questioned that the burdens of a campaign, such as will be necessary for Republican victory, would be too taxing on a man of seventy-five years.

"It cannot be gainsaid that Mr. Taft is a far bigger man in the estimate of his countrymen today than he was while he was president. The president has rendered such fine service to his country in helping to emphasize the fundamentals of government, nor has any exercised so wholehearted an influence on the youth of the Republic in the past several years as Mr. Taft. It is our belief that Mr. Taft is the strongest man the Republicans can put forward.

"In Mr. Wilson the Democrats have a very tower of strength. Should the country be kept from all war entanglements, the people of the United States will find such a condition two years hence as would make impossible Mr. Wilson's defeat.

"Unfortunately for the peace of mind of everybody, the Washington Star comes along and hints at a campaign with Mr. Roosevelt and Richard P. Hobson bringing the bull moosers and the prohibitionists together. Of course there could be no hope for such a combine, but every thought of its possibility is enough to give the country jim jams, even though the ticket would be half or, at least, nominally prohibition. We are not hankering after going to Europe just now, but the horrors of the war of that country do not terrify us much more than having Mr. Roosevelt in one part of the country speaking and Mr. Hobson in another. Of course Mr. Roosevelt would have the advantage in the matter of making speeches. He is a wonderfully versatile man. He speaks well on most any subject. Mr. Hobson has only three speeches and they have been delivered over the entire United States and several times in Congress. Think of having to hear them through a protesting wing and hind them close to his heart. It was a dangerous precedent and the penalty is now being paid. Disregard for the law by its chief executive has proven an expensive piece of business for the morals and politics of the State just North of us.

Donn M. Roberts, the "dressy" mayor of Terre Haute, Ind., whom Federal Judge Anderson dubbed as the "arch conspirator" in the election frauds that were perpetrated last November, was given six years in the Fort Leavenworth, Kansas prison and ordered to pay a fine of \$2,000. One hundred and fifteen others were given penalties on the charge of conspiracy to corrupt the election. This should and doubtless will have a salutary effect in the Hoosier State and will at least make men think before they tamper with the sacred ballot. Indiana has been going down hill morally and to a certain extent politically since the governor of that great State took Finley and Taylor under his protecting wing and hid them close to his heart. It was a dangerous precedent and the penalty is now being paid. Disregard for the law by its chief executive has proven an expensive piece of business for the morals and politics of the State just North of us.

The General Assembly of Iowa has passed the Klinker bill, which provides that absent voters may send their ballots to their home precincts by mail. Strikes us this is a dangerous precedent but we shall wait with patience the result of the new law in the coming election. One thing is certain—the new arrangement of things will save a great deal of time and travel. For instance, the London Echo tells of Nat. B. Sewell's coming from California to his home county of Laurel to vote for bonds in the

## SOME TENNESSEE FOLKS TELL HOW THEY WON

Slek people want to be well in a hurry. A great many, perhaps most all, illnesses have their beginning in derangements of the stomach and digestive tract.

May's Wonderful Remedy starts in at the first dose to put stomach sufferers on the way to health. The first dose proves it. It is taken with success everywhere. Here are the words of two Tennessee people who have taken it:

MISS CORA FISHER, 805 Saxon avenue, Memphis—"I have taken your medicine and it worked like a charm—has removed quite a number of gall stones. It does just as you said it would."

MRS. W. J. WARD, Sparta, Tenn.—"I can honestly recommend your remedy to all sufferers from constipation and stomach troubles. Indigestion seems a thing of the past with me."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distressing stomach and bowels. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

election that is now being held. If such a law prevailed in Kentucky he could have sent his ballot by mail for two cents. But we are not here to say that the Iowa law is a good one. It may add another opportunity to complicate election matters and thus thwart the will of the majority.

No children under 15 years will be admitted to the Lexington running races which begin April 22. The reasons are manifold and the move is a good one, but the precocious youngster will never cease to wonder why dad can go to such things and he must be kept away.

### Let The People Have Their Say.

The News wants to see this temperance question threshed out at the August primary. It will have to be done sooner or later, so let the war begin at once. The masses are despising it and the man who sets up as the champion for the whisky forces will find out at the ballot box that Kentucky wants to be a dry state, and will be.—Nicholasville News.

### Woman's Club Program

The Woman's Club will hold its regular meeting, Thursday, April 14, at 2:30 in the Club rooms. The subject for study is: "American Women Writers." The program is as follows: Ten Best American Women Writers—Miss Belle Denny. Short Biographical Sketch of Noted Kentucky Writers—Mrs. T. W. Jones and Miss Ella May Saunders. Leader—Miss Belle Denny.

### Railroads Kill 219 Persons.

A total of 219 persons were killed on the railroads of Kentucky from December 1, 1913 to December 31, 1914, according to the annual report of the Railroad Commission just published. A comprehensive table is given showing that of the total number, 144 were trespassers, 55 employees, one passenger and one postal clerk. Thirty of the employees were yard trainmen and twenty-one trainmen on the road. Eighteen persons were killed at crossings and 1,028 employees injured.

### Who Can Doubt Sworn Testimony of Honest Citizens?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of the bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

MRS. D. E. HILEMAN, Tunneton, W. V.  
Personally appeared before me, this 11th of September, 1909, Mrs. D. E. Hileman, who subscribed the above statement and made oath that the same is true in substance and in fact.

Entertained With An Elegant Dinner.

A very delightful social event was the elaborate high-noon luncheon given by Mrs. Carroll Shanks on Friday of last week, complimentary to Mrs. Lou Shanks and Mrs. H. K. Bourne, of New Castle, who are now her guests. The home was very attractively arranged, large bowls of cherry Jonquils were disposed about the rooms in an artistic manner. The dining room was brilliantly lighted with numerous candles, shaded in yellow, and the Easter idea was carried out in all the decorations, the place cards being in the form of chickens. The table was bare of cover, save the doilies and large centerpiece of cluny lace on which was an immense jardiniere of Jonquils. This color scheme of yellow and green was carried throughout in the five course lunch, which was as delicious as it was elegantly served. The Easter idea was ingeniously brought out in the last course, which was ice cream served in a dainty card board nest, emerging from which was a miniature chicken. Those who enjoyed the hospitality of this gracious hostess were: Mrs. Lou Shanks, Mrs. H. K. Bourne, Mrs. Alice Pickett, Mrs. Wm. Severance, Mrs. C. E. Tate, Mrs. T. A. Rice, Mrs. R. M. ## Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in--laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harrodsburg, Mo., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

OTTEHEIM.

On Easter Sunday the St. Sylvester Catholic church could not hold the people. Services were carried out in all their splendor and according to the Roman Catholic rites. Of course they are not understood by many of our Protestant friends, but information and explanation are always willingly given by Father Leo, if called upon.

Those present were Father Leo, Mr. and Mrs. John Wentzel, Mr. and Mrs. Charles Trub, Mr. and Mrs. Aug. Abt, Mr. and Mrs. Emil Henzen, Jr., Mr. John Foss, Mrs. Ostermann, Mr. G. All voted that Mrs. Kearns have another birthday celebration within three months at least, but she objected to that, as this would bring the 75 anniversary too soon. Mrs. Kearns received many handsome and valuable presents.

Mr. Leopold Eyer, of Cincinnati, of Cincinnati, is here on special business and is the guest of Mr. and Mrs. John Wentzel.

WISHED SHE  
COULD DIE

And Be Free From Her Troubles,  
but Finds Better Way.

Columbia, Tenn.--"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature--not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

Sold by Shugars' Drug Store, Stanford, Ky., & Lyne Bros., Crab Orchard.

Dr. J. J. Pursley, the well-known Indian remedy man, of Lancaster and Atlanta, Ga., was in Stanford for the first time this spring Monday. He says that he has had a splendid season for the sale of his goods, and that the demand is growing all the time. Dr. Pursley said he had found that his aid in the I. J. had brought him splendid returns, several parties from distant states writing him for medicine, saying they had read his ad in this paper.

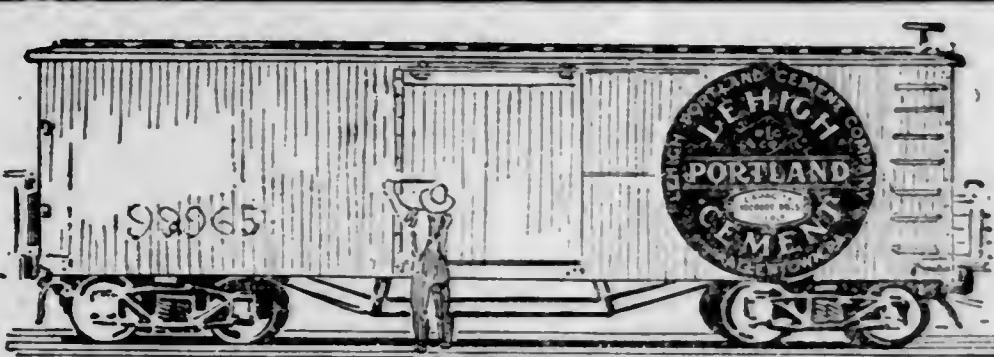

Two of the biggest buggy manufacturers in the State both had exhibits in Stanford Monday, court day. The D. T. Bohon Company, of Harrodsburg, which has one of the largest buggy factories in the country, sent over two handsome vehicles, which were much admired during the day. Mr. Bohon has built up a wonderful business through advertising. He has recently carried two full-page advertisements in the I. J. The other exhibit was made by R. M. Arnold, the hustling and progressive buggy manufacturer of Danville. Mr. Arnold is rarely ever missing from Stanford on a court day and has a large and pleased patronage in this county.

High School Play Pleases All.

One of the most pleasing home talent entertainments given here in a long time was the play "The Merchant of Venice," presented at the opera house last Friday night by the Senior Class of the Stanford High School under the direction of Miss Esther Burch, expression teacher at the local city schools. A large audience witnessed the performance and all who saw it are loud in their praise of the fine work done by these amateur players and the splendid coaching and training of their capable and accomplished teacher.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is, by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Bleucher 46158, record 2:29 1-4, trial mile 2:14 3-4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clay, by the great Futurity sire Moko.

Foreign demand will exhaust the supply and we may expect better prices for our horses in the future. Our advice to mare owners is to breed their mares and to breed them to stallions of merit and proven worth as sires. Bleucher is just the type to produce the colts that will supply the demand. His colts have proven fine, with nice head and neck and plenty of bone and conformation.

This great trotting stallion will make the season of 1915 at my stable in Lancaster, Kentucky, at \$20.00 to insure a living colt. I am prepared to care for mares at 10c per day. W. B. BURTON, Lancaster, Ky.

## Farm and Stock News

J. H. Goggin sold to Johnson, of Boyle, a bunch of hogs at six and three-quarter cents a pound.

Edgar Doty, of Richmond, paid J. R. McKinney \$750 for a half interest in a green three-year-old mare.

W. A. Brent bought a nice two-year-old Nabolth filly from James Pettus for \$100.

L. G. Davidson, a Lancaster grocer and farmer, sold three brood sows and pigs to Dock Weaver, of Hubble.

S. B. Sanders, of Hubble, bought two dozen head of shoats, averaging 75 pounds from Victor Rankin at six and a half cents a pound.

N. W. Rogers, the well-known Paint Lick horseman, purchased a four-year-old mule at Richmond court day for \$165.

Thomas C. Rankin, near Hubble, bought a sow and six pigs for \$25, a sow and nine shoats from Frank Bourne of Garrard for \$45.

J. H. Baughman, near Shelby City, bought from Nunneley and Selby here Monday 26 head of steers averaging 700 pounds at \$48.25 a head.

Walter Martin, the well-known farmer, near Turnersville, had a half a dozen nice calves to die of blackleg last week.

Wilson Alexander, of near Hedgely, sold twenty-odd head of cattle, running in weight from 1,000 to 1,700 pounds, to a Danville dealer at \$7.15 a hundred.

Fish & Brandenburg, a stock buying company, near the east Garrard line, are making large purchases of lambs within their territory, for late spring delivery and are paying seven and a half cents a pound.

W. M. Cornett, of Garrard, who was at court yesterday told the I. J. that he had finished planting corn. He is probably the first man in his county to get through with that part of the crop.

E. L. Woods, a prominent upper Garrard stockman and farmer, exported a car load of hogs from that section to the city market the latter part of the week, the car going out from Paint Lick.

Hugely & Baughman, of Boyle, sold to the Fasig-Tipton Horse Sale Company, of New York, their pacing stallion, Donald McKay 2:07 1-2 by Gambetta Wilks, dam Lelia, for \$1,000.

C. R. Martin, of Boyle, sold a pair of four-year-old mules, standing 15 1/2 hands high, to M. J. Farris, Jr., of Danville, this week, for \$240. Mr. Martin sold both mules to Nick Moreno, of the same city, for five and a half cents a pound, and she weighed 900 pounds.

W. B. Burton found the mule market quiet here yesterday. He advertised extensively for the hybrids but there were very few in town. In fact there seem to be very few for sale in this section of the State. He only bought one pair. These were from Wesley Holtzclaw and he paid \$280 for them.

J. T. Rigby, near Preachersville, bought a dozen hogs from Wm. Boone last week that averaged 140 pounds at six and a half cents a pound. From Luther Garner he bought 17 porkers averaging 80 pounds at the same figure and four 100-pound shoats from Lige Wilson at the same price.

John G. Pierce, who owns a farm off the Lebanon road three miles from this city, is the owner of three valuable cows. They are all Jerseys. Besides furnishing milk for his own family, a servant and his boys, he is selling in this city 120 gallons of milk and sixty-seven pounds of butter per month.—Danville Messenger.

R. E. Gaines had on exhibition here yesterday a yearling Shorthorn bull of the imported Young Mary stock, which was a wonder to many of the cattle men who saw him. The big fellow weighs 1,340 pounds and is about as near a perfect animal as one could imagine. Mr. Gaines is making the season with him.

Steve Russell, near Bowles, lost a very fine cow last week from eating too much corn. In some way she got into a crib which had a large quantity of shelled corn and foundered Thursday night. The cow was due to become fresh in about two weeks, and Mr. Russell had been offered \$150 for her by C. R. Martin, of Danville. This is the second serious loss of livestock that Mr. Russell has sustained in 60 days, he having lost a fine mare, for which he had paid \$100 about a month ago.

Charles Dean, of Bryantsville, sold a seven-year-old mule to W. B. Burton for his war consignment for \$135. Mr. Burton purchased a six-year-old hybrid from Walter Davis for \$150, a seven-year-old draft animal from John Hendren for \$150, and a seven-year-old hybrid from Charles Thomas for \$125, all these for foreign shipment.

"Buffalo" Bill Singleton, of Waynesburg, had a heifer to drop a calf a few days ago, but as no sack has ever formed and she gives no milk, he is at loss to know what to do. At present he has the calf sucking another cow. The case is an unusual one, to say the least.

Lawson & Brown, the well-known Lancaster stock firm, exported a car load of hogs to the city market the latter part of the past week. They have contracted with W. G. Gooch, of the Goshen section for half a hundred head of porkers, the animals to be delivered about the last half of June, their average weight to reach the 250-pound notch and the price agreed upon, seven cents a pound. These same wide-awake Lancaster buyers have also contracted for a bunch of cattle to be purchased from the same Lincoln county farmer to go the first half of July at from \$7 to \$7.50 per hundred.

W. B. Burton, of Lancaster, is making extensive purchases of army mules for shipment to the French and English forces and will export a large consignment to St. Louis next week to a firm that hold a contract to supply an unlimited number of hybrids to the armies of the Allies. Mr. Burton has been on a recent trip to the mountains on the search of pack mules for the European War, having bought a bunch for which he paid from \$75 to \$100 per head, the hybrids being small animals. He was in Richmond on last Monday, Madison county court day, on the lookout for all the good hybrids he could secure, and bought a pair of good six-year-olds at \$280.

## 2 Drops of "GETS-IT", Out Comes the Corn!

It's the World's Wonder; Never Fails.

You'll make goo-goo eyes at your feet, after you use "GETS-IT", and you'll find the places where those blabby corns used to be, just as smooth as your cheek.

"How Wide is a 'GETS-IT' Smile? Well, a Good Deal Over 2 Feet!"

There's no corn or callus among the millions of feet in this world that "GETS-IT" will not remove—there's no escape. "GETS-IT" is the new way, the simple, common-sense, sure way. It does away with greasy ointments, salves, pads, cotton rings, harnesses, knives, scissors, razors, files, and the lumpy and the painful pigeon-toe ways of so many corned people. All you do is put 2 drops of "GETS-IT" on the corn shrivels up and goes by. Nothing else in the world like "GETS-IT". Most are using it. There's no pain, no trouble, no changing shoes because of corns.

"GETS-IT" is sold by druggists everywhere. So a bottle or sent direct by E. Lawrence & Co., Chicago.

Sold in Stanford and recommended as the world's best corn cure by Shugars Drug Store.

J. C. Hays sold to T. W. Jones 16 shoats averaging 35 pounds, at 6c.

A. C. T. Smith sold to Joe E. Wright, the jack advertised in this paper for \$350. He still has for sale the two Percheron fillies.

John S. Baughman, of Danville, is advertising in next Friday's paper his crack little Shetland pony, Cock Robin, one of the very handiest of his breed ever seen anywhere. He will be on exhibition at Danville next Monday, Horse Show Day there, and will undoubtedly attract lots of attention.

E. C. Gilliland, north of Waynesburg, sold a nice pair of coming four-year-old mules that stood sixteen hands high, to L. S. Marshall, last week, for \$328. Mr. Marshall recently moved to Lincoln from Jenkins, Ky. He bought the farm of former Squirt L. Singleton, between King's Mountain and Waynesburg some time ago and has just come to take possession.

S. H. Baughman, of Stanford, and son, J. H. Baughman, near Shelby City, bought heavily of cattle here Monday. Both are feeding a large number of steers. They purchased a total of 65 head Monday, paying an average of \$40 a head. Few of the heaves purchased weighed over 900 pounds. They were bought from A. T. Nunneley, of this city, U. T. Selby, of Russell county, and other traders.

T. W. Jones, of Stanford, bought 25 head of calves here Monday from Green Gooch, of Waynesburg at \$23 a head. He bought 10 head from "Uncle Jim" Roberts, of Pulaski county at \$25 a head. Mr. Jones sold to Wilson Alexander, of the Hubble section, 48 head of 850-pound steers at seven and a half cents a pound. Mr. Jones will ship this week to the Cincinnati market about 100 head of hogs that he bought last week in small bunches at figures running from six to six and a half cents a pound.

## DALMAS

One of Kentucky's finest stallions. This great 7-year-old harness horse for public service at the low fee of \$10.00 to insure a living colt. One mile west of King's Mountain at E. Jones' barn.

One full brother sold for \$3,600 and another reported sold for \$1,500, and one sister, Toxy Dare offered \$1,500 for. His 3rd dam could rack as fast as a good horse could run under whip and spur. He is a pretty bay 16 hands and weighs around 1200 pounds. Goes 6 distinct gaits all good and fast. Pretty good breeding, don't you think so?

Season 1913 at my stable, 2 1/2 miles from Hustonville, on Liberty Pike at \$10 to insure a live colt. Money due when colt is foaled, mare parted with or bred elsewhere. **S. T. POWELL, Hustonville, Ky.**

John Chrisman has sold to C. P. Cecil, of Danville, 21 lambs to be delivered from the 20th of May to the 20th of June, at ten cents per pound.

New Fair Secretary at Danville.

At a meeting of the directors of the Danville Fair early this week, John S. Baughman was elected Secretary of the Fair this year to succeed A. W. King, who resigned. Mr. Baughman is a hustler from start to finish and he will make the exhibit this year a certain success. The dates for the Danville fair are July 21, 22 and 23.

Two boys of J. L. Wells on Green river caught 31 opossums one night last week.

Mr. Ernest Bray left last Wednesday for Champion, Ill., where he will work on a farm near that place.

Mrs. G. B. Pruitt is receiving her spring hats and will be glad to have her many friends call and see her line of styles.

## Some Liars These.

The other day a group of men were discussing the dry weather. One man remarked:

"It is so dry up my way that all the creeks are dried up and the fish are standing on their noses and you can pull them up like radishes."

"That's nothing like it is out my way," said another man. "I was walking along the road and saw a man pull up a 35-foot well and run it through a clothesline, and get the baby a drink."—Frankfort Journal.

The legislature has modified the New York labor law so as to permit the employment of alien labor on public work when American labor is not available.

## High Grade Stallion

My high bred six-year-old Chestnut Sorrel Stallion will make the season of 1915 at my barn on the old fair ground at Hustonville, Ky. He is 15 hands high, weight 1,200 pounds. Will serve a limited number of mares at \$15 to insure a living colt; season due when mare is parted with or on leaving the county. This stallion is by Ashland Brook and out of a standard bred trotting mare. He has proven to be a great breeder, having colts to show for him. His colts are all saddle colts, with good style and action. Call and see a good before breeding times comes.

## Rowland Peavine

Registered  
Chestnut stallion, star and snip, foaled May 14, 1912. Sired by Rex Peavine 1796, by Rex McDonald 837, by Rex Denmark 840. First dam Bourboniste 9297, (full sister to Bourbon's Best) by Bourbon Chief 976, by Harrison Chief 1606, by Dark Chief 89 (Sims 89), second dam, the Mason Square, Garden champion, Judy Oliver 6407, by Red Cloud 2197, Indian Chief 1718, Third dam by Wilson's King 2197, Fourth dam, daughter of Sim's Clark Chief 2575.

The colt is deserving of careful consideration to the breeders of saddle mares, coming from a family of show horses, and a show horse himself, having defeated such colts as Richard Couer De Leon, which sold for \$1,500 and other good ones.

Will stand at \$5 to insure a living colt. It would be judicious to take advantage of this low price, for the chances are that his fee will be higher next season.

Remember that the best horses are the best bred ones.

Be sure and take a look at him next Monday, horse show and court day.

Will make the season to a limited number of approved mares at Nunneley's stock yards, Stanford.

Grass at 10c per day. Feed at cost
